Dear Mother and Dad,

Please excuse the paper but it is the most convenient. I have enclosed three reference sheets from Tufts, please dispose of them as quickly as possible because I would like for them to reach Medford before March 5th.

As for the situation involving weekends etc. As it stands now I would like to come home Feb 27, 28. The purpose of this weekend will be to clear up the squabbles between us. They do none any good. I will probably meet Marian Sunday afternoon about 6 for dinner, but the remainder of the weekend we will spend just clearing up our trouble. As for Boston: Unfortunately I made binding arrangements as far as a place to stay, etc, so as much as I would like you to come it would put me in the embarrassing position of begging out of the promise I have made and exacted.

I got a valentine card from Owen, which was very cute and thoughtful of Robert + Naomi. I haven't written to them but I will do at the earliest

possible chance.

Please don't be angry
with me

love,

Pita
